In the Matter of Transcript Rates of OFFICIAL COURT REPORTERS

ORDER

WHEREAS, the Judicial Conference of the United States at its September 1974 meeting in Washington, D. C., established new ceilings per page for transcript rates of court reporters; and

WHEREAS, the United States District Court for the Western District of Washington finds that existing rates for ordinary transcript and for daily transcript are insufficient to provide a fair and just return for the making of such transcript because of the increases in typing costs, the costs of supplies, and the general high level of prices; it is, therefore,

ORDERED that from and after the date of this order, which is the date of the certification of the new rates to the Director of the Administrative Office of the United States Courts, the transcript rates in this district shall be:

Style of Delivery	Rates per Page	
	Original	Each Copy
Regular delivery	$1.25	$ .50
Daily delivery	$2.50	$ .50

Provided that the charge for hourly or other expedited transcript delivery shall be fixed by agreement of the parties subject to the approval of the judge presiding, and, in lengthy cases, fixed after the conclusion of the case, with

progress payments to the reporter or by deposits ordered by the court.

IT IS FURTHER PROVIDED that the term "Daily Transcript" as used herein is defined as that in which a transcript of each day's proceedings is delivered following adjournment of court and prior to the normal opening hour of the court on the following morning, whether or not it actually be a court day.

IT IS FURTHER PROVIDED that the above rates shall apply to all court orders for in forma pauperis transcript dated on and after the date of this order.

IT IS FURTHER ORDERED that a certified copy of this order fixing new transcript rates shall forthwith be sent by air mail by the Clerk of this Court to the Director of the Administrative Office of the United States Courts requesting certification of the effectiveness of the new rates which shall be in effect on and after this date.
