In Re: PHENYLPROPANOLAMINE
PRODUCTS LIABILITY LITIGATION

Cause Number MDL - 1407

MINUTE ENTRY

FIRST REMAND CONFERENCE:

After hearing the arguments of counsel, the court takes this matter under advisement. The court will issue a decision as to which cases will be remanded at a later date; however, the court indicates that the time periods set forth in CMO No. 18A are running on all 29 cases deemed eligible for remand.

The court suggests that the remand procedure be amended to allow petitions to be submitted on a rolling basis on the 15th of each month. Counsel may present a modified schedule for the court's consideration, provided the schedule is presented within one week of this hearing.
